

Capitol Hill Gifted and Talented Magnet

2016-17 Family Engagement Plan

Capitol Hill Magnet School is a full-time academically gifted and talented program for students in grades 1-8. Learners experience a challenging academic program designed to develop skills in critical and creative thinking. Acceleration (fast-paced learning) combined with complex content allow for in-depth study through the joy of learning, kindness, wellness and student voice.

The mission of Capitol Hill Magnet School is “challenging academically gifted and talented students in a diverse school community.”

The Family Engagement Plan (FEP) is organized into four impact areas. We will be working together this year to build positive and goal-oriented relationships in each area. Families and staff at school developed this plan together.
